

ASTON MARTIN DB7 VANTAGE

£27,500

This DB7 Vantage left the factory in its desirable colour combination of Grigio Chiaro Silver with Forest hide. First registered via Stratstone Aston Martin Wilmslow in March 2002, fittingly to its first owner David Brown! Stratstone Wilmslow continued to maintain the car along with supplying it to its next two owners until it came into the hands of Mr Blayney from Gerrards Cross in 2016. Maintenance was taken over by Chiltern Aston until it was purchased by its current keeper in 2018 and has since been looked after by Desmond J Smail Ltd. With 16 stamps in the service book this DB7 Vantage has been exceptionally well maintained and cared for and with just 22,000 miles on the clock remains in superb condition borne out by its 2nd place at the AMOC Spring Concours at Duxford in 2023.

The DB7 comes in immaculate condition, fully serviced and with a full record of its service history.
